INTRODUCTION

Currently pursuing a Bachelor of Technology in Computer Science and Engineering, with expertise in Front-End Development, alongside proficiency in C, C++,Python, MYSQL.

PROJECTS

AYUJARGON

App and Website for all your yogic needs

A virtual Ayurvedic studio setting where licensed Ayurvedic teachers can communicate with students in real time. A trained model can identify Ayurvedic and yoga positions, which can then be enhanced to improve posture and ensure that yoga is practiced correctly. A user can look up yoga, nutrition plans, and comprehensive illness-curing plans.
